Professional Summary

Frontend Developer with 1.5+ years of experience in building high-performance web applications using JavaScript, React, and Next.js. Skilled in creating UI and optimizing frontend performance. Passionate about problem-solving and delivering efficient, user-focused solutions.

In addition to frontend development, I am also skilled in designing scalable APIs using Node.js and Express.js.

Core Skills

- Programming & Frameworks: JavaScript (ES6+), TypeScript, React.js, Next.js, React Native, Node.js, Express.js, Redux
- Databases: MongoDB
- Web Technologies: HTML5, CSS3, Tailwind CSS, REST APIs, Scss
- Tools & Practices: Git, Performance Optimization, Regular Expressions, Problem-Solving

Professional Experience

Software Engineer | ExpansionJS | UP
August 2024 – Present

- Developed dynamic, responsive applications using React.js, Angular, and Next.js.
- Developed and launched 10+ dynamic, fully responsive landing pages using Next.js and Tailwind CSS, ensuring optimal performance across devices.
- Refactored existing code to improve readability, performance, and maintainability, adhering to best development practices.
- Designed and built reusable, modular UI components to enhance code maintainability and streamline development processes.

Software Engineer Intern | ExpansionJS | UP
March 2024 – July 2024

- Developed a fully responsive Next.js website from scratch, implementing modern UI/UX using Tailwind CSS for optimal performance across all devices.

- Collaborated with teams to integrate APIs and perform debugging, ensuring fast load times and seamless user experience.

- Created dynamic UI components, integrating APIs to provide a seamless, interactive user experience across all platforms.

Education

- BA – Vardhaman Mahaveer, KOTA (April 2018 - May 2021)
