Professional Summary

Results-driven Frontend Developer with over 2.5 years of experience specializing in building responsive, high-performance web applications using JavaScript (ES6+), TypeScript, React.js, and Next.js. Demonstrated expertise in UI component design, frontend performance optimization, and RESTful API integration using Node.js and Express.js. Proven track record of delivering scalable web solutions and enhancing code maintainability within fast-paced Agile environments.

Core Skills

- Programming & Frameworks: JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, Express.js, Redux Toolkit, MongoDB
- Web Technologies: HTML5, CSS3, Tailwind CSS, Sass/SCSS, REST APIs, Responsive Web Design
- Tools & Engineering Practices: Git, GitHub, Frontend Performance Optimization, Problem-Solving, Regular Expressions (RegEx)

Professional Experience

Software Engineer | ExpansionJS | UP (August 2024 – October 2026)

- Architected and launched 10+ dynamic, fully responsive landing pages using Next.js, React.js, and Tailwind CSS, boosting user engagement and ensuring cross-browser compatibility.
- Engineered reusable, modular UI components and refactored core codebases to improve readability, frontend performance optimization, and long-term maintainability.

Software Engineer Intern | ExpansionJS | (March 2024 – July 2024)

- Developed a web application from scratch using Next.js and Tailwind CSS, prioritizing modern UI/UX design standards and SEO best practices.

Education

- Bachelor of Arts (BA) – Vardhaman Mahaveer Open University, Kota (April 2018 – May 2021)
